

CIPS @ CFXPS

Smarter Cross-Border Payments for Your China @ Asia Business

Trade with China. Pay with confidence with one time Settlement.

GCB Bank's CIPS & CFXPS payment solutions provide customers with more efficient channels for cross-border payments and settlements involving China and other international markets.

CIPS enables RMB-denominated cross-border payments and settlement, while CFXPS supports eligible foreign currency transactions, providing customers with greater flexibility when dealing with Chinese and international counterparties.

Why Choose CIPS @ CFXPS?

Faster & More Efficient

Streamlined payment routes for China-related transactions.

RMB Payment Capability

Pay eligible Chinese suppliers and business partners directly in Renminbi (RMB).

Reduced Transaction Friction

Minimise unnecessary intermediary routing and multiple conversion stages.

Greater Currency Flexibility

Access RMB and eligible foreign currency settlement options to meet your business needs.

Better Supplier Alignment

Trade in a currency familiar to your Chinese suppliers and counterparties.

Trusted Banking Support

Access GCB's expertise in trade, payments and the Ghana-Asia business corridor.

Who Is It For?

Ideal for:

Importers & Traders sourcing from China

Exporters receiving payments from China

Chinese Businesses operating in Ghana

Contractors & Corporates with China-related obligations

SMEs engaged in international trade

Anyone receiving payments from China/Asia

Your China Trade. Our Banking Expertise.

Whether you are paying a supplier, receiving trade proceeds or managing your China-related business payments, GCB can help you access the right cross-border settlement solution.
