

GCB UNIONPAY (UPI) CARD

*Travel Ghana–China.
Trade with Confidence. Pay with Ease.*

Doing Business with China Just Got Easier

China is Ghana's largest trading partner, yet many travellers still experience payment challenges, including limited card acceptance, high foreign exchange costs, and reliance on cash or informal payment methods.

The GCB UnionPay Card is designed to make payments in China safer, faster, and more convenient for Ghanaian businesses, traders, students, and travellers.

Why Choose the GCB UnionPay Card?

Pay with confidence across China using the country's most widely accepted card network.

Use QR payments by linking your card to WeChat Pay and Alipay for convenient everyday transactions.

Reduce the need to carry large amounts of cash while travelling or sourcing goods.

Pay securely at shops, hotels, restaurants, wholesale markets, transport services, and online merchants.

Available as both a Physical and Virtual Card, giving you flexibility wherever you are.

Manage your card easily through the GCB Mobile App, including funding, transaction monitoring, and card controls.
